

Worksheet Shadow Creatures

What do you need?

- Empty toilet rolls or empty kitchen roll (cut the kitchen roll in half)
- Transparent cling wrap
- A rubber band
- A flashlight (your phone's flashlight works fine too)
- Glue
- Scissors

Step 1

Cut out the figures shown on page 3.

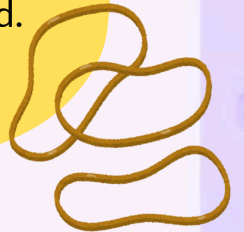

You can choose 1 or several of them.

Step 2

Cut a bit of cling wrap and stretch it over the opening of the cardboard roll.

Secure it with a rubber band.

Step 3

Glue a cut-out creature onto the cling wrap at the top.

Step 4

Make the room completely dark and shine the flashlight through the roll from the bottom.

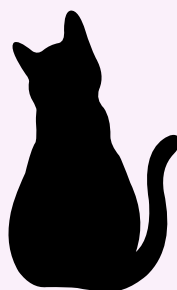

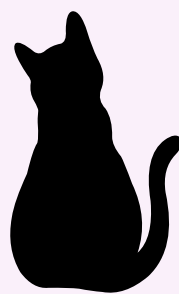

Your shadow creature will now appear on the wall!

Tip!

Have a look at the photos on page 2 as an example. Need help? Ask an adult assistant!

Cut out

Choose 1 or several of the
little creatures to cut out!

We printed them twice so
you can make more shadow
creatures.
